

Hello Parents,

We will be launching Minga – a communication and engagement platform to connect our school community. Minga is for students, teachers, administrators and parents.

You can install the Minga app on mobile phones or access on the web. It features activities happening around school, announcements, events, alerts, student stories and more.

Minga is an invite only platform – only staff, enrolled students and verified parents/guardians are invited to be part of the Minga. Content is filtered and moderated, and members are known on the platform by their real names.

Our objective is to provide a safe but engaging way to connect our school community to improve awareness, engagement and culture in our school.

Minga requires users to supply their name and email address, and members must agree to the Terms of Service of Minga. To view the complete Privacy Policy visit www.minga.io.

Say
Hello
to **Minga!**

Find Minga at:

app.minga.io

**School communication simplified.
School community amplified.**

By signing this agreement, I on my own behalf and on behalf of my child, understand that:

- The School District may provide the User Information to create a Minga Account for myself / my child.
- Student information on Minga will be accessible to the students, teachers and school administrators.
- Posted content on Minga will be accessible to the teachers, school admin and parents.
